The Right Culture Approach Today!

Consider the **Blended Culture** approach. It is comprised of all these cultures:

- Smart Cities Culture
- Innovation/Creative Culture
- Continuous Improvement Culture
- Green and Sustainable Culture
- Lean and Agile Culture
- Customer-Centric (People) Culture
- Collaboration Culture
- Social Inclusion Culture
- ... and Conscious Culture (tied to Conscious Capitalism)

The net result is having a culture that acts as a strategic weapon and a corporate asset!
